

HUSBAND RESCUED DESPAIRING WIFE

**After Four Years of Discouraging
Conditions, Mrs. Bullock Gave
Up in Despair. Husband
Came to Rescue.**

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during its time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side."

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

"I had gotten so weak I could not stand, and I gave up in despair."

"At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing all my work."

"If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today."

KINGSVILLE, July 1.—In taking over the correspondence work of the Daily Caller in Kingsville, I shall endeavor to give a daily summary of happenings in Kingsville and Kleberg County. I shall be glad for Kingsville people to name me any items of interest. All news items will be impartially reported and no personal biased news items will be reported. We hope to give the great things that are being accomplished in Kleberg County and Kingsville greater publicity and keep through this medium to assist in the development of this entire section of the Gulf Coast Country. A daily letter will be written with some notes on industrial and personal items. Kleberg County and Kingsville are accomplishing great things daily and there is plenty of dynamite here for a great publicity campaign. We appreciate the space offered by the Caller and hope to increase its circulation in Kingsville and Kleberg County, as it will practically serve as a daily Kingsville paper.

Mr. and Mrs. H. G. Flato, Jr., and two sons and Miss Adelma Jenkins, niece of Mrs. E. L. Hoffman of Bentsen, left last week for pleasure a trip in the North and East. They expect to be gone at least thirty days and we know that Charlie will come back full of new ideas for the advancement of Kingsville and will have a lot of good things to tell us we should do when he returns.

Mr. and Mrs. H. G. Flato and children expect to have next week for a motoring trip through West Texas to be gone about a month.

Mrs. G. E. Rims and family are having an extended visit with relatives in Missouri. G. E. will be left a bachelor for a while and after next week may be seen wandering about the picture shows and street corners in the evening to break the monotony of bachelor life.

Mrs. Frank House and Mrs. J. R. Weir entertained Monday evening at the home of Mrs. Weir in honor of Mrs. G. E. Rims and Mrs. H. G. Flato with cards. A large number of ladies attended and report a most enjoyable evening.

In the absence of Mayor B. W. Blanton, Commissioners House and E. W. House are handling the reins of government. They have issued an ultimatum or pronouncements to all citizens to cut weeds in front of their premises and keep their yards clean and say that they intend to enforce the ordinance. The city officials have a hard job enforcing the law and the sooner some of our citizens realize that they have to keep up appearances the better it will be for the community.

We read in the columns of the Caller of the intensive heat in North Texas and in other states where the temperature has reached 100°. Kingsville citizens are enjoying the cool breeze of the Gulf and are not suffering from the heat but enjoying themselves.

We have had a number of our citizens visit in other sections recently and report they are glad to return here.

We always have the cool evening breeze. We are just far enough from the Gulf to escape the humidity which permeates the atmosphere and we offer an ideal climate to the summer visitor.

Work on the Kleberg County Hospital is progressing nicely, and terms for the second story of this building are now being set. Central Contracting Company of Houston is composed of a set of young, progressive, competent business men and the citizens of Kleberg County feel that the work on the Court House and Hospital will be well done.

Excavation work on the Court House has been completed and work is now progressing on the basement.

A number of Kingsville citizens are now away on their regular summer vacation, while others are now planning their trips.

But All The Street Names Were Like Greek to Him

His wife read the store ads in the Caller and he read some too, when they started out to buy the innumerable things they must to start housekeeping again, they had trouble finding these streets. One hates to ask directions so often.

THURSDAY Morning brought them just the little silent guide they needed. Here was a map of the business section of the city so arranged keyed as to make it a matter of simplicity itself to find the way. Caller Classified Directory came to them that morning along with news of the hour and helped solve the question of a stranger in strange land.

They needed groceries. Right here before them were explicit directions. Under Grocers they see Economy Grocery Company, Gus Dryer. Under each is a number corresponding to the block, numbered in big black letters above and the side of that block East or South, so on down the line. Thereafter in his pocket man carried
